OUR LADY OF THE BLESSED SACRAMENT PARISH

*So will my heavenly Father
do to you, unless each of you
forgives his brother from
his heart. —Matthew 18:35*

Twenty-Fourth Sunday in Ordinary Time | September 17, 2023

Under Mary's mantle, and with the guidance of the Holy Trinity, Our Lady of the Blessed Sacrament seeks to share God's love by celebrating the sacraments, proclaiming the gospel, and serving the needs of all His children.

“Think of the commandments, hate not your neighbor; remember the Most High's covenant, and overlook faults”. (Sirach 28:7)

These words from our first reading today echo the goal of a catechist instructing their students.

“Think of the commandments,” the word commandment sounds harsh, Webster’s definition “a divine rule.” There is nothing harsh about them. If we follow these “10” not “613” commandments like our Jewish ancestors, they set a path in front of us that will lead us to a life of peace and love.

“Hate not your neighbor,” at first, we think of the expert in the law asking Jesus wanting to justify himself, “And who is my neighbor?” But God had instructed us all the way back in the third book of Moses around 1446 BC *“But the stranger that dwelleth with you shall be unto you as one born among you, and thou shalt love him as thyself; for ye were strangers in the land of Egypt”*.

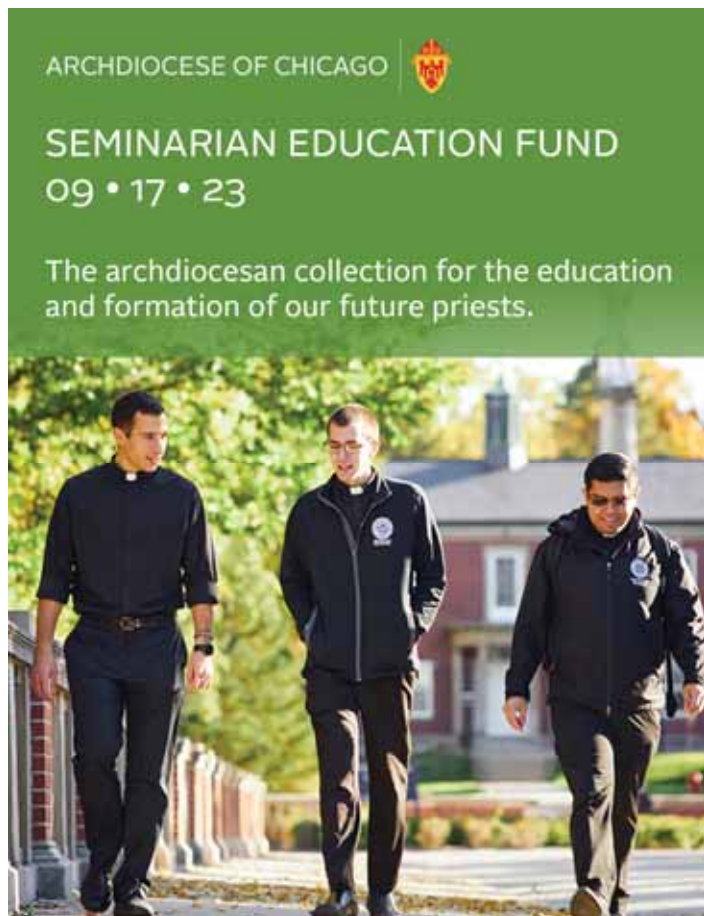

“Remember the Most High's covenant,” in the Bible there are actually 7 covenants, Jesus’s sacrifice on the cross is the last, and the one we are living under today.

“Overlook faults” there are so many places in the Bible that references this, too many to count. This is one of the most important actions we must do. In the Lord’s prayer we ask, “forgive us our sins as we forgive others,” without the second part of that line the first will never happen.

I see these short quick statements as a foundation for the faith my family instilled in me when I was learning about living in the world, these are the same concepts we try to help the children we are entrusted to teach today as we help them navigate their faith life in family, school and sports.

Please pray for the children and teachers this school year for the guidance of the Holy Spirit and an increase of Faith, Hope and Charity!

—Ray Bauer, Catechist

Our Lady of the Blessed Sacrament is pleased to welcome our very own Seminarian and Queen of the Rosary School alum, Joshua Jones, to share his vocation story at Masses on Catechetical Sunday. Our support for Seminarian education is an expression of our love for Jesus Christ Himself. Please give generously to the Seminarian Education Collection this Sunday using the envelopes and baskets in church, or by visiting our Online Giving Platform: <https://giving.parishsoft.com/App/Giving/olbs> (select Fund “Seminarian Education” from the dropdown.)

Additionally, Josh will be running the Chicago Marathon on October 9th. He will be running for Mission of Our Lady of Angels in Chicago; to support Josh and Mission of Our Lady of Angels, donations can be made by visiting the link: <https://secure.ggiv.com/event/teamola2023/account/1401490/>

Discussion Questions

How often do you call upon the Lord? How can we create the habit to frequently call upon the Lord?

How would our lives be different if we treated one another as if the Lord was near to all who call upon Him?

Would you be frustrated with the landowner's generosity? How can we be more generous to one another and with others in our community?

TUESDAY MORNING GROUP

returns 9/12/23 and will be reading: Genesis 1-11: God Makes a Start helps Bible-study participants put the creation story in its proper historical, cultural, and theological contexts, and goes beyond the story of creation to discuss the first sin and God's starting over with the flood. In the end, we come to see the story of creation—and re-creation—as part of God's ongoing story with us today.

QUEEN OF THE ROSARY SCHOOL REPORT

This week the grades 5-8 took their I-Ready Diagnostic Tests. They were very excited to display their knowledge of Math and Reading. The Diagnostic test results will establish an individual learning pathway for students in Math and Reading.

Coding! Robots! Steam Tools! Oh! My! The fourth graders discovered a fun way to use their creativity and imagination while practicing their coding skills. We used the MINI SPHERO ROBOTS. The Fidler Family, in memory of Mrs. Karen Fidler, who always enjoyed sharing her technology talents with our Q.R. students and faculty, donated these interactive robots. These little robots may have started us on a journey to programming. We cannot wait to see what else we can do with our new friends!
