OUR LADY OF THE BLESSED SACRAMENT PARISH

"A new teaching with authority.
He commands even the unclean
spirits and they obey him."
—Mark 1:27

Fourth Sunday in Ordinary Time | January 28, 2024

Under Mary's mantle, and with the guidance of the Holy Trinity, Our Lady of the Blessed Sacrament seeks to share God's love by celebrating the sacraments, proclaiming the gospel, and serving the needs of all His children.

Last weekend was the 51st annual March for Life in Washington, DC. Since 1974, Catholics and other people of good will have been gathering to offer a witness to the value of human life. I think about that as we begin this Catholic Schools Week—that at the core of our understanding of the human person is the belief that every one of us is made in the image and likeness of God. This is not something that is discoverable to us through reason. It is the gift of divine revelation, through the scriptures. Every person is uniquely willed into existence by a loving God and is infinitely valuable—not because of our capabilities or usefulness to others, but simply because we exist.

From this foundation unfolds the rest of our philosophy of Catholic education and formation, and the foundation is crucial because it sets the course and trajectory that determines the end results. And what targets are we aiming at for our young people at Queen of the Rosary School? To me, we want our graduates to be:

- **Open-Hearted:** I say this specifically instead of “open-minded”. G.K. Chesterton once wrote that “the object of opening the mind, as of opening the mouth, is to shut it again on something solid. Otherwise it is more akin to a sewer, taking in all things equally.” To have an open heart, however, is to be able to recognize the goodness in every person, even if we disagree and think they are wrong. More than mere tolerance, we aim at instilling the love that Jesus calls us to show to others;
- **Learners:** I contrast this with “students”. A student, to me, would be one who is only concerned with the end results in the classroom - grades or test scores. A learner is one who develops a passion for understanding the world around them, how things work, and how to communicate with others.
- **Brave:** To have courage and confidence in the face of something that is difficult or unknown is not an accident. It is a virtue, a habit that can be trained. My desire is that our young people have the willingness to stand up for what is right, good, and true, that they are unafraid of putting themselves out there in new situations, and that they find the value of their God-given voice.

- **Saints:** We cannot speak of the goals, targets, or dreams we have for our young people (and for ourselves) without mentioning this, the ultimate goal for each of us. God has created every one of us for eternal life with him. If we understand this, it will help everything else in our lives fall into place.

Catholic education is always a partnership with parents, who are always and everywhere the first teachers of their children, especially in the ways of faith. This dream, then, of cultivating open-hearted learners and brave saints is not just limited to children, but extends to whole families, to our whole community, and beyond. Consider partnering with Queen of the Rosary School as we seek to make this dream a reality.

—Fr. Dan

Gospel In Focus: February 4, 2024

Jesus heals many, including Simon's mother-in-law. "He told them, 'Let us go on to the nearby villages that I may preach there also. For this purpose have I come.'" —Mark 1:38

Discussion Questions

What would you ask Jesus if you knew He was coming to your town?

Why do you think the demons reacted so strongly to Jesus' preaching?

Compile a list of prayer intentions as a family. Light a candle, and offer these intentions to Jesus.

**A Powerful Study on the
 Life of Jesus Christ**

The marvelous treasures of the Catholic Faith—the Eucharist, Mary, the saints, and the Creed—are all centered on a single figure: Jesus Christ. Jesus is more than a historical or theological figure. He is our **Savior**, our **Redeemer**, our **Lord**, and our **God**. While many of us already know a lot about him, how well can we say we **really know him**? Filmed on location in the Holy Land, **Jesus: The Way, the Truth, and the Life** is a new and fresh look at Jesus—who he is, what he is really like, what he taught, and what he did for our salvation. This encounter with Christ will inspire and empower you to center your entire life on him as you **come to know and love him** in an ever-deeper and more intimate way. With Ryan (2023) following Jacob's (2015) footsteps at Queen of the Rosary School (QR), there have been many pick-ups, drop offs, sporting events, fests, fundraisers, masses, Sacraments, game days and various extracurricular activities at QR.

There are no words to convey how blessed our boys have been to have been taught, counseled and inspired by such dedicated and caring staff. It takes a village to raise a child, and QR has been an amazing village!

Our boys received an excellent education. The foundation that was set at QR helped them to excel in high school and beyond. Jacob was an honor roll student throughout high school and Ryan has earned highest honors in his first semester, even with 3 honors and one AP class.

By 8th grade, both of our children had an understanding of Christ and the Bible far ahead of what you would think 14 -year olds could. We are proud of the morals and values that they have adopted in everything they do. QR was a huge part of helping them understand and use Jesus' teachings.

Lastly, the friendships they (and we) have made extend well beyond the school walls. Even though they have gone on to multiple high schools, the boys make it a point to get together from time to time and continue to develop those friendships.

For us parents, the love and support amongst the families is amazing. Not too long ago, we were strangers picking up our children after school. We became acquaintances, then friends and ultimately family.

For our family, Queen of the Rosary School was an investment that will pay dividends for a lifetime!

Rick and Kari Maday

In PE this week the lower wing students had a blast working on Winter Olympics stations! They enjoyed "bobsledding" on scooters and using paper plates as ice skates! They even practiced their hockey skills. The upper wing students showed off their jump roping skills from basic jumps to double unders to crisscross jumps! After mastering the variety of jumps, students had an opportunity to design their own routine! In Computer class, the 3rd and 4th grade students have been working on Google Slides and Forms which they enjoy making surveys from! The younger grades are enjoying Starfall and coding in class.
